

Support a Child's Education with NFT Technology

NG Environnement and DMC Technologies have launched an innovative initiative: the **Pack Solidaire NFT**. This groundbreaking program combines blockchain technology with social impact, allowing contributors to finance a child's school fees while receiving a unique NFT as proof of their commitment to education and sustainability.

Simple Purchase

Buy directly with your credit card on NG Environnement's official website. Secure, transparent, and seamless experience.

NFT Certificate

Receive a unique digital certificate issued by DMC Technologies, traceable on the blockchain as proof of your contribution.

Direct Impact

Each pack finances one child's complete school fees, creating real educational opportunities and fostering international solidarity.

1

Pack = 1 Child Educated

Your contribution directly supports a child's access to education

1

NFT = Lasting Proof

Permanent digital certificate of your sustainable commitment

Join the movement today. Become an agent of change by contributing to educational inclusion while discovering blockchain technology's potential for social good. Together with NG Environnement and DMC Technologies, let's transform solidarity into tangible action. 🌱
